Tiny Tumblers

All our tumbling programs are open to boys and girls. All our programs are designed so every child may excel to their fullest potential in a non-competitive atmosphere.

Tiny Tots encourages child to experience gross motor movement, coordination skills, introduction to tumbling skills and learning to follow instructions. This class is designed so that the instruction comes from the parent who is supported by the instructor.

Tiny Tumblers encourages child to experience the pre-kindergarten skills of listening to the teacher, following directions, taking turns, coordination skills, gross motor skills, and tumbling skills. This class is instructor taught creating independence from the parent.
